

“We will give you the key for your dream”

Born To be The Best

Our starting point is the great passion with which we cherish the art of architecting and furnishing luxury properties. NTS plaudits its dedication towards searching for and working only with the best; suppliers and our always esteemed clientele, alike.

NTS has built strong ties with the most acclaimed furniture producers on the global scene, with excellent production capability records, backed by modern and advanced techniques.

NTS is a Qatar established company, but within a short space of time has managed to root its presence in influential markets such as Italy, UK, Luxemburg and Tunisia, marking its competitiveness on turning into reality the requirements, dreams and desires of the end user.

Since 2010 NTS International is focusing on Design consultancy, Procurement , supply and Project Management for the Hospitality industry and private villa. From 5stars luxury hotels, to apart-hotel and residences we have delivered turn-key solutions to Hotel Chain and Private villa.

Mock-up Room

Sometimes the vision and the 3D rendering is missing of the flavour for the details and the touch of the real materials. We bring idea into reality for clients that really want to see and touch the design, with mock-up rooms for client approval, either on-site or in our facilities.

Focusing on Hotels and private villa turn-key solutions we won't substitute your architect project design but we integrating with, thanks to a deep understanding of "dream and realise" difference and the feasibility of the equation made by interior design / cost control and quality results we advise or re-design the current project according to owner's needs.

Project Management

From site advising and construction oversight to furniture purchasing and installation, the future success of a hotel project starts with us and private villa. We know the critical issues in developing a project. We'll add value to even the most seasoned real estate development team, as well as provide assistance at all stages of the process. We'll also work diligently to avoid problems and implement cost effective solutions if they do arise. Our development and project management services include:

- Market study and feasibility analysis
- Government compliance and approvals on on-site works
- Detailed GANTT and project schedule
- Execute drawing and re-drawing arrangements
- Project budgeting
- Construction management oversight
- Purchasing and installation oversight
- Work force management and selection
- Full daily and weekly reporting
- On-time execution and strict Timeline management

NTS International Group Ltd

Procurement

From 2010 NTS International is delivering high-end Furniture and Fixture to the leading hotel chain and luxury project . Thanks to his experience in furniture design and furniture production we deliver turn-key project with highest grade of quality and durability and over the standard warranty time.

Contract & Luxury

Thanks to the alliances with some of the world's best producers, NTS has specialised itself in the engineering, production and installation of furniture, finishing, and accessories within the contract sector.

The customer is our real capital.

Our team of architects, and commercial department's international expertise, allows us to offering a quality and personalised service in the realization of villas, prestigious residences, hotels and restaurants. Our clientele's satisfaction is the best accomplishment.

Our Clients are our Capital

Every project is as unique as the client that has commissioned it. We take care of every detail including the design of the single piece of furniture, the property's interior, and exterior.

Our company follows every phase of the project, and offers personalized design within the production, installation and final testing of the furniture.

We are deeply committed to the development of every project, and the fine finishes with which our furniture is created because we firmly believe that it is within the details that the quality and therefore, the happiness of our client, lies.

Only the best for your kitchen:

Our clients are inclusive of both, seasoned chefs, and individuals that for the first time are venturing the exciting word of hospitality. NTS has the answer to every demand and expectation by offering professional kitchens realised with the highest quality and standards.

The Best Professional Equipment for your Restaurant

Beginning 1922

Today

For over ninety years we have developed professional catering equipment. We have designed and built resistant products that are easy to operate, efficient and aesthetically pleasing. We constantly improve our work so that you can do the same with yours. From every point of view, our kitchens guarantee quality, productivity and flexibility for professional catering.

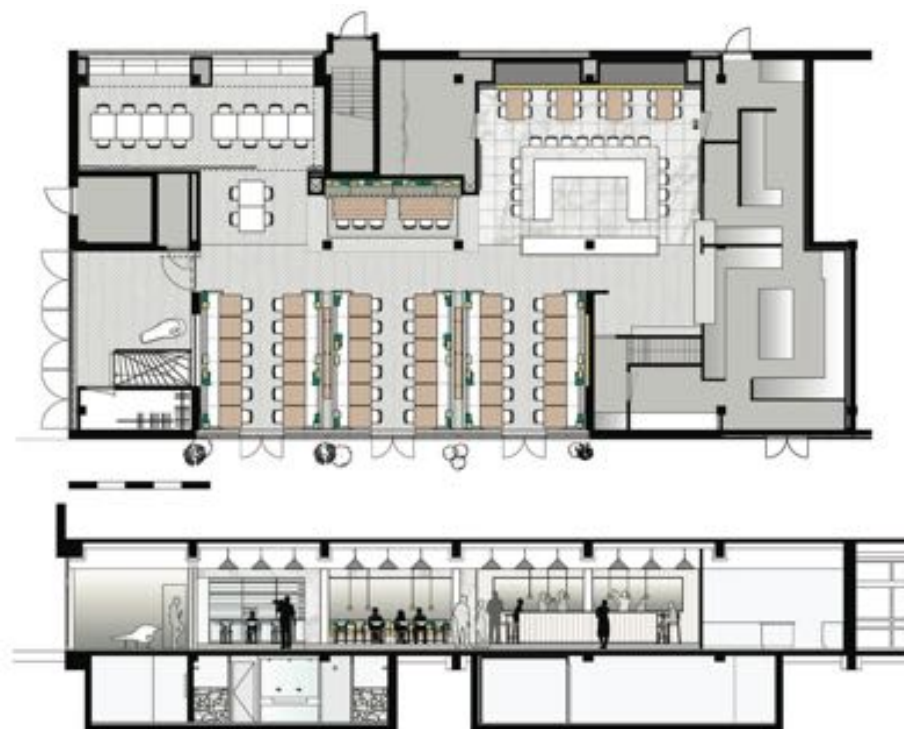

Punctuality: We love to deliver our projects on time because we truly recognize and value the importance our clientele gives on enjoying their dream home with the avoidance of lengthy and protracted works.

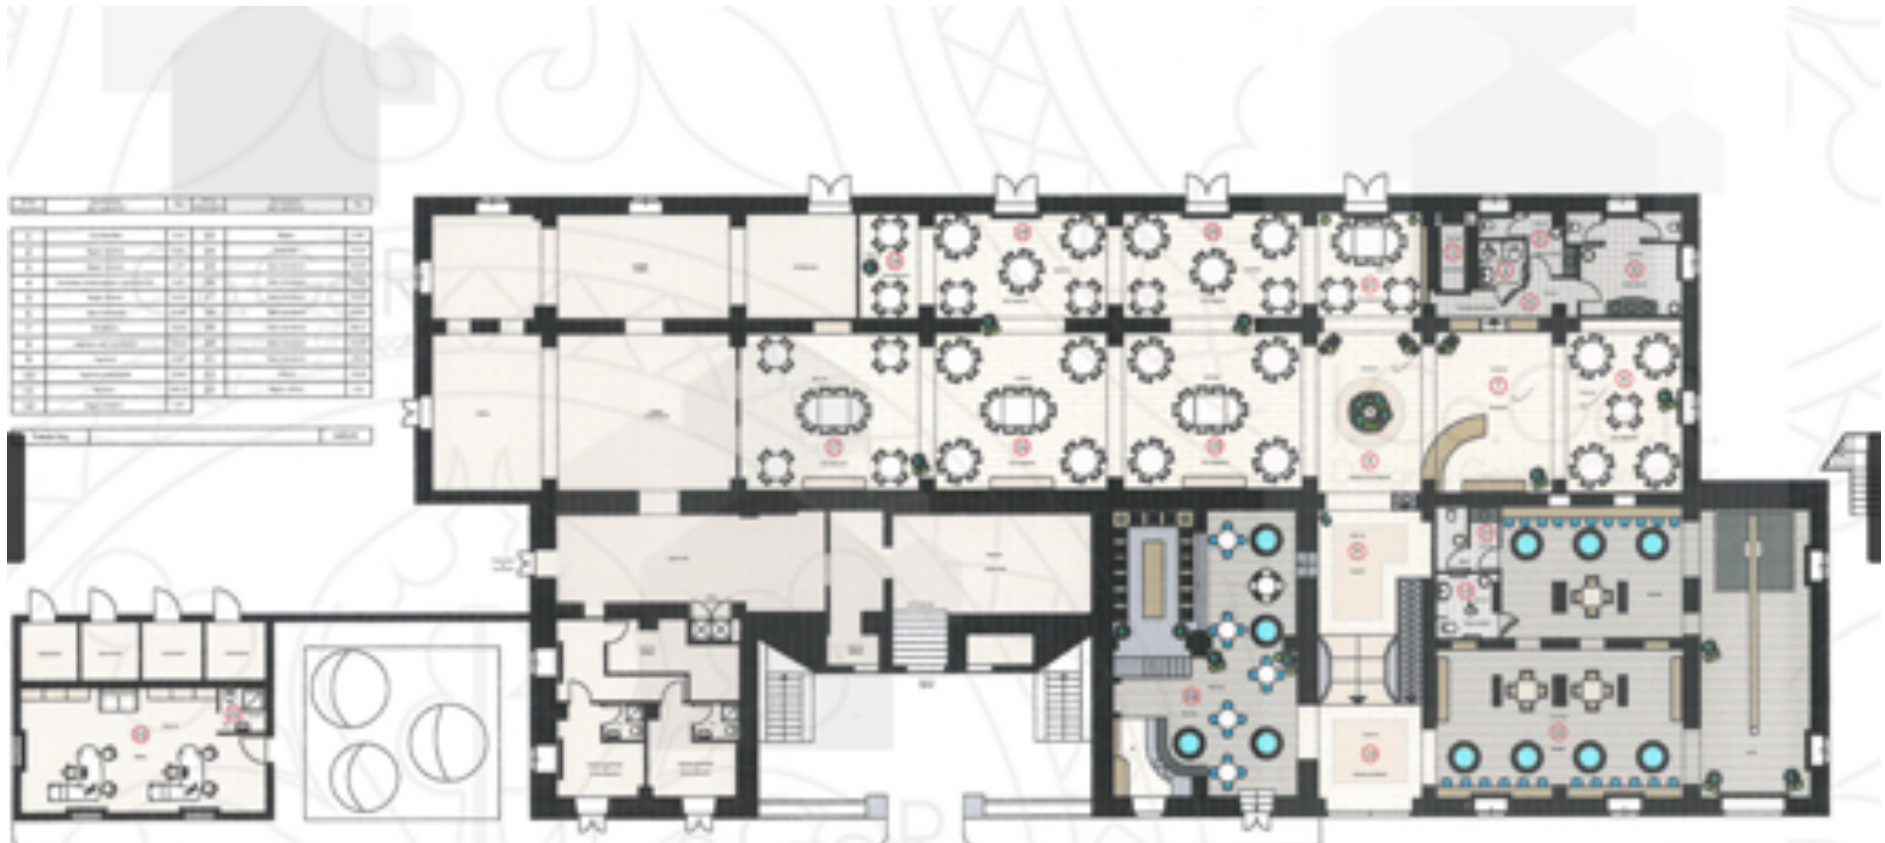

Precision: Like yourselves we are devoted to beauty, and to take care of every little detail that generates a unique and personalized ambiance.

Emotion: We'll faithfully dedicate ourselves on turning every part of your property into something capable of translating to pure emotion.

Creativity: Create Your Dream.

Engineering professional kitchens for restaurants and hotel chains all over the world:

The decennial experience in the idealization of integrated systems, enabled us to provide you with equipment that can meet all of your requirements. Everything is made to measure, and special commitment to the hygienic, functionality and efficiency factors, is assured to be chiefly applied.

We are here to serve the very best restaurants with equipment signed *made in Italy*.

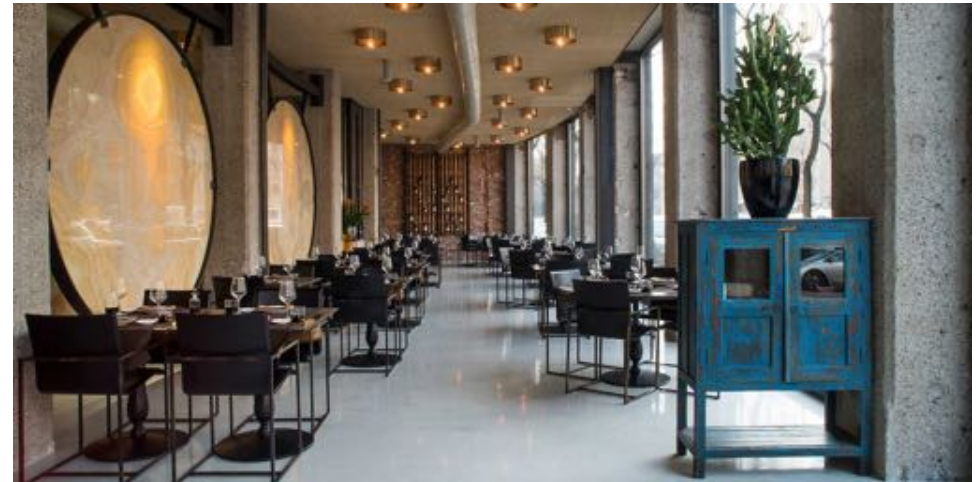

The artisanship with which the product it's still being made to-date, has found a fusion with today's high technology advancements on the manufacturing of the machineries itself.

Why Choose NTS International

Enhancing a property's value with the same style and elegance that distinguishes its owners; that is the reason behind which the world's most demanding clientele chooses NTS.

The production-cycle of the manufactures we affiliate ourselves with, gives us full control over the final items finishing, assuring their uniformity. We commission the full furniture production for the same client, at the same time, so that we can punctually deliver a product that respects only the best levels of conformity.

NTS INTERNATIONAL
DEVELOPS DESIGNS AND
SYSTEMS FOR LOCATIONS DEDICATED
TO FOOD AND HOSPITALITY

NTS works in environments dedicated to food and comfort sectors.

The aim is to create welcoming and refined ambients: patisseries, bakeries, snack shops, restaurants, coffee shops, hotels and spas. Our mission is to stimulate sensations, offering a “container” with a high technological “content”.

That is how we spoil our clients’ customers, totally satisfying their needs.

NTS addresses to professionals who love their jobs and know the value of their product.

THE MARKET OF TODAY, WE SPECIALIZE
IN DESIGNING, DEVELOPING AND
REALIZING INNOVATIVE CONCEPTS
FOR COMMERCIAL PREMISES

Why NTS, the three pillars:

- Punctuality
- Accuracy
- Affinity
- Creativity
